NOTICE.

A competitive examination for admission to the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department will be held in Delhi beginning on the 3rd February 1930 under the Rules and Regulations published in the *Gazette of India*, dated the 28th September 1929. Candidates accepted for admission to the examination will be informed at what place in Delhi and at what hour they should present themselves.

The examination will be a combined examination for the purpose of filling vacancies in the three services mentioned above. A candidate may apply to be admitted as a candidate for all or any of these services. If he wishes to be admitted as a candidate for more than one service he should state this on his application form. In that case he need send in only one application form and undergo one examination by a Medical Board. He will be required to pay the fees mentioned in the Regulations once only and will not be required to pay separate fees for each service for which he applies. If he proves successful as a candidate for more than one service he will ordinarily be assigned to that service for which he expressed a preference at the time of his application provided that the vacancies have not already been filled, but the Government of India reserve power to assign him to any service for which he is a candidate if in their opinion the exigencies of the public service render this desirable.

The number of candidates to be selected at this examination for each of the three services will be announced hereafter.

The application must be made through the Collector or Deputy Commissioner* to the proper authority of the area in which the candidate's parents reside at the time of the application, or of an area in which they have previously resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student at a college or university only, for a like period.

The proper authority is for a Governor's Province, the Chief Secretary ; for Coorg, the North-West Frontier Province, Delhi, Ajmere-Merwara, Baluchistan, or Andamans and Nicobar Islands the Chief Commissioner ; and for a State in India the Political Officer or Agent, who should be addressed through the Darbar.

No candidate will be admitted to the examination from whom the Collector or Deputy Commissioner* or the Political Officer or Agent has not received on or before the 12th November 1929, an application on the prescribed form accompanied by the necessary documents. Copies of the application form and of the Rules and Regulations may be obtained from the local Government and Political Officers or Agents.

No allegation that an Application Form or letter respecting such form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

Note 1.—Candidates must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August 1929.

With reference to the note to rule 9 of the rules for the Indian Service of Engineers published in the *Gazette of India*, dated the 28th September 1929, the Governor General in Council has, with the approval of the Secretary of State for India in Council, relaxed the condition as to age imposed by that rule so as to admit to this examination Indian students who have undergone a course of Engineering outside India and who had not attained the age of 26 on the 1st August 1929.

Note 2.—The examination will be held concurrently with the examination for the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of the State Railways, and the same papers will be set in the subjects common to both the examinations. Candidates accepted for admission to the examination for the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department may be accepted as candidates for the other examination if they are eligible under the regulations and if they pay the fees prescribed for both examinations.
